Grant Program Guidelines

Purpose

To nurture GHE students' passion for learning by awarding grants to teachers, groups of teachers, or other members of the community for projects that provide a unique learning experience, when funds are not otherwise available. To utilize PTA dollars to the benefit of all GHE students and work alongside our teachers and staff in enriching the education and learning environment for our children.

Guidelines

Applications must be submitted by March 31, 2017. Awardees will be announced at April 28th's Fly High Friday.

The Grant Committee will prioritize and approve the projects based on:

- Educational needs not met within the current budget;
- Number of students that will benefit;
- Longevity of the investment (ability to use for future school years);
- Results anticipated;
- Diversity of subject areas and groups of students impacted;
- Importance of the learning experience to the students involved;

The Grant Committee reserves the right to redirect projects that fall in areas where other funds are available, and veto those that are involved in politically or community sensitive areas.
